Re: Milco Dairy, LLC - Docket No. V-W-04-AO-17

Dear Ms. French:

In response to your client, Milco Dairy LLC's, request dated January 26, 2005, this letter provides your client with an extension for the purpose of complying with paragraphs 6 and 12 of the Administrative Order for Compliance dated September 27, 2004.

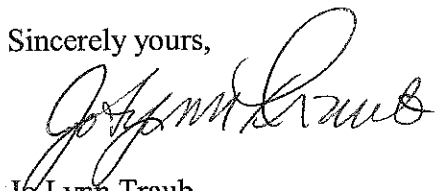

As you know, Paragraph 6 requires that Milco Dairy, LLC must submit a plan which must include design drawings developed by a registered professional engineer, and that will result in adequate storage for process wastewater runoff from the production area, for review and approval by U.S. EPA Region 5.

Paragraph 12 requires that Milco Dairy, LLC must submit a Storm Water Pollution Prevention Plan (SWPPP) and provide a schedule for implementation of the SWPPP.

Your new deadline for compliance with both of these paragraphs is hereby extended from December 27, 2005 for paragraph 6 and January 26, 2005 for paragraph 12 to February 25, 2005.

If you have any questions concerning this matter, please contact Ms. Cheryl Burdett of my staff at (312) 886-1463.

Sincerely yours,
